

Gorleston Social

April 2017

# East Norfolk CAMRA Social

This trail consists of 6 pubs around Gorleston, going down the High Street and towards the seafront. It is a 1.2 mile walk starting at The Short Blue at 4pm and finishing at The New Entertainer, we will be spending around 45 minutes in each bar so if you can't make it at the start don't worry you can catch us up.

A	Short Blue		
B	Dock Tavern		
C	The Albion		
D	Oddfellows Arms		
E	Number 1 Bar and Kitchen		
F	New Entertainer		

Comfortable open plan local, the bar having some elaborate wood carvings and stained glass windows. Named after a local fishing fleet, there is a lot of nautical memorabilia. Superb views across the river Yare to the sea from the garden

Close to the river and main shopping area. Subject to flood damage many times and the various flood levels can be seen by the front door. Outside drinking area in the front has views of the river and docks. Music most weekends. Curry nights and quiz nights monthly. Annual charity music day.

A Victorian corner local, comprising a large L shaped bar and a small lounge that doubles as a function room. The main bar has a large screen for sport and is a firm favourite with local football teams.

A well refurbished town pub with two bars tucked away a short distance from the harbour mouth. Jazz nights are a speciality, and there are always four beers on tap, mostly bitters/golden ales 3.5-4.5%. Pleasant outdoor seating area for fine summer evenings, and limited parking at the rear.

Large pub restaurant close to the harbour mouth. Landlord always aims to have a least one dark beer on.

The pub dates back to the 1800s. Surrounded by road on three sides, it has a unique rounded end complete with Lacon's windows. There is a pool table in the rounded end plus seating and big TV screen in the other. The five guest beers frequently feature Nethergate and Icenii brews. There is a good selection of bottled Belgian beers.
